Stone Buddha Statue

Our statues are mainly supernatural being or animal, like stone buddha statue, garden animal statues, greek goddess statue, and so on. buddha statue is a Bodhisattva usually represented as a very stout monk with a broad smile on his face and with his naked breast and paunch exposed to view, in sitting posture. And the stone buddha statue, bare-footed and with drooping ears, has his hair arranged in a spiral knot on top, his chest exposed and his hands rested upon the knees.
