Black Granite Tile

Black granite tile is an affordable luxury that will provide you with a tile floor that is both elegant and resistant. Using black granite for your flooring can add an elegance to your home or office that will blend with any decor. Our black granite is hardness, resistance to weathering, capability to take mirror polish and textural patterns. The black granite tile is used as a building material for wall cladding, roofing and flooring and a variety of other interior and exterior applications and especially for counter tops, kitchen work tops and vanity units and is the most popular material for monuments and memorials. Black granite tile have been used more for scopes, therefore the quality and durability speaks for itself.
